

SERVICE PRODUCT BRIEF SUPPLIER MANAGEMENT

Verify's **Supplier Management** services involve planning and managing a critical situation at a supplier or series of suppliers. Qualified and experienced Verify resources investigate all issues and develop a trusting and effective relationship with the supplier to improve or sustain performance.

Capability, capacity, and readiness are measured before and after the planned actions to validate effectiveness. The Verify qualified resources will then continue to work with the supplier in order to maintain the necessary level of performance.

SUPPLIER MANAGEMENT

Based on customer requirements, Supplier Management services draw upon the following core capabilities.

	People	Experienced high caliber resources are carefully selected to plan, execute, and accurately report on progress and completion
	Process	Industry proven standard work packages including best practice processes, checklists, and forms
	Platform	Online Supplier Performance Platform provides real-time status and performance analytics
